# our story

- Our core purpose is **improving organisations by giving people a voice**
- Our services include **employee surveys, 360 surveys, customer surveys, focus groups and action planning**
- Our key points of difference are:
  - **Real people**
  - **Real change**
- We grew out of a research project at Macquarie University, and since 2002 we've **delivered surveys to more than 3.5 million employees and customers**

# updates at voice project

- We're **taking early steps returning to our office**
- **Excellent feedback** from our clients
- Our **new surveys** include our COVID-19 staff check-in survey, our revised and shortened engagement survey, our onboarding and exit surveys, and our volunteers survey
- Our **new online reporting tool** - attractive, fully interactive exploration of results, with manager-level permissions for results access and action planning.
- **New licence-based pricing** enabling ongoing, unlimited access to our full suite of surveys and online portal enabling self-service or fully-assisted delivery and reporting of surveys
